

*Our seventh annual Scroll-saw Workshop was a great success, and showed the versatility of our new workshop.*

### From the President

#### Presidents Report (natter)

It is with great relief that we can say the Show is all go for November 18th, 19th and 20th this year thanks to so many people coming on board after Grant Parker's idea that the committee organize it with the members getting in behind to help.

So we have at present, the hall set up, the kitchen and bbq in hand and I hear members talking about taking stands, either on their own or pairing up. So if you are asked to help please say yes, it will make our major fund

raiser so much easier and more enjoyable for all.

It was with sadness that we reported the death of Barry Kenworthy's wife, and the passing of Morry and Thelma Lawton's son, as we have said, our heart felt condolences go to you and your families.

Not many members knew Rob Miller as a member of TWG but he sadly passed away also in the last month.

Last Saturday we had a very interesting demo given to us by Neil Joynt from Tokoroa, on

the art of pyrography embellishment of his wood craft be it bowls or boxes etc. His work is out standing. He has given a few members food for thought on how to put added value to their work. Thank you Neil, and thanks to the scroll saw group for the arrangement of Neil and afternoon tea.

Last but not least, we are still in need of a secretary, so if you feel this is for you I would love to hear from you, and so would Doug, who is being editor and secretary.  
Cheers,  
*Duncan Campbell* President.

## MEETING REPORT 18th June

We are saddened to learn of three deaths: Morry Lawton's son, Ron, Barry Kenworthy's wife Jenny, and Rob Miller. We offer our sympathy and support to all these families.

### Meeting Summary:

The final Accountability Report has been sent to Lotto.

Thanks to Mike Buck for framing and hanging the Sponsor's Logos.

Thanks to Margaret for making the Curtains and to Mike McCarthy for fixing the tracks.

**Show:** Duncan outlined the plans for the running of the Annual Show. Tasks have been delegated as follows: Hall arrangement and Display - Grant, George and Mike McCarthy.

Kitchen - Mike's daughter, Kerri Turanga

Barbecue - Colin and team

Demo Pen-making - Colin

Signs - Roy and Japie

Trade Stalls - Stephanie

Publicity - Doug and Gavin

There is to be an emphasis on active displays.

**Workshop and Safety:** Further storage is planned. Mike Buck explained the concern over leads on the floor and showed the proposed overhead system.

Sheriff: Mike complained that there were not enough whistle-blowers this month.

Raffle: Won by Ivan

Show and Tell: Derek reviewed the work on display

### Demonstration:

Group 5 had brought in Neil Joynt of the Putaruru Club.

Neil specializes in fine and intricate Pyrographic embellishment of his work. He showed a number of Spheres and Spherical Boxes, plus large bowls and an off-centre turned plaque.

## GROUP ACTIVITIES

**Our Guild has a number of groups, which focus on their particular areas of interest. Members are welcome to attend any of these groups.**

**Group One Woodcarvers** 2nd and 4th Monday 9.30am- 3pm-ish.

We met on a perfect winter's day but needless to say complained about the cold, even though this has meant that our various "wanderers" have returned home. Great to have you back guys! Added to that, we have two new prospective carvers - our group proffers an especially warm welcome to Frazer and Ashley. The talk at our morning coffee group centered around the need to extend our carving facilities (discarded tables may need to be resurrected) and of course there were all those holiday reminiscences. Both Barwick and Harry spoke enthusiastically about their visits to Ashburton's local 'Plain Museum' that houses 'The Lynn Woodwork Museum -Recommended as a 'Must -See' for any woodcrafter's Bucket-list. There are further details in Seth's January Group 2 report

Our newcomers could only have been impressed by the activity around them. Most were working on 3D 'Wall Pictures', except that is for Alan, working in the round, with only a very short time spent on his favourite occupation, noisily sawing up lumps of wood! Bob Ferguson was the only one with completed work to display - a small, but delightful 'Mole' in macrocarpa. He really was cute - 'Mole' not Bob!

Lunchtime discussions drifted around solving the problems that the world is unable to solve before concentrating on the serious business of our mid-year Carvers and partners, now traditional, pot-luck

luncheon. A tentative agreement for the 30th of July was reached. Harry quickly offered the venue, beating Tom Coomber by seconds. Our thanks. Confirmation of details will be given in the July report. In the meantime, keep Saturday, July 30th,

free.

This Week's Howler; The adder is a poisonous snack (Smoked eel would be more to my taste anyway)

Next Meetings; June 27th. and July 11th. Jean Crabtree for Ivan Watchorn (07) 308 7914

**Group Two Woodturners:** 2nd Tuesday at 1.30pm The Group met on Tues 14th June 2016. Many thanks to Jim Webber for showing us the beautifully made and repaired items that he had made for Show and Tell. Many thanks also to John Harrison for showing us the items that he had made and also for showing us what a female student had made at the Guild's Night Class. We had a large attendance and welcomed three new members: Vince Little, Allan Edhouse and Danny Jordaan to the Group.

### **Group Three Woodturners:** 1st Sat at 9.30am

Sat. 4th June, we met at the Guild Roms and the session went off extremely well. We certainly learnt a great deal. We meet again on Sat. 2nd July 2016, rearing to go at 9.30am.  
Seth Douglas for Jim Reilly 577 9574

### **Group Four Woodturners:** 1st Tuesday at 1.00pm

Our 7th June meeting was presented with an excellent demonstration of Spindle turning by Jim Reilly. A good attendance along with 4 very keen intending members made the meeting worth while.

Jim as well as being a, recently retired, prolific writer on woody matters under the "WOODCHAT" title for the NAW magazine is also an accomplished woodturner.

He gave us a very informative, useful and interesting demonstration with some unusual tools being used also. We all learned something and I'm sure our spindle turning will improve as a result. Thanks Jim.

Following the main demonstration some Banksia wood suitable for Spindle turning was available and the newer members had a go at producing wigstand pedestals. They all seemed keen and it was pleasing to see the mature members keen to assist with a bit of tutoring to ensure a creditable result. We have a good supply of blanks prepared for wig-stands and encourage members to take some home and contribute to this worthwhile project.

At our next meeting- 5th July – Geoff Warth will show us pen making.

Aug 2nd – we will have a bowl saver demonstration by Mike McCarthy. Any member with a large, suitable, piece of wood for the job should bring it along - hence the early notice.

### **GROUP 5 SCROLL-SAW AND INTARSIA** 1st Wednesday at 9.30am

The scroll saw group day went well this month with Jacob bringing in a new project for the group. With 15 people present it was quite a busy morning, it was good to see Lew and Lauren there as well. I want to encourage members to bring their own scroll saws with them for the scroll saw group days and encourage them to be there every month to learn, share and fellowship. Three new people, Barry, Frazer and Danny join the group and we might have to look at getting more scroll saws.

Sorry no photos available this time

Greetings

Japie Volschenk 542 3633

### **GROUP 6 TOYMAKING AND OPEN WORKSHOP**

2nd & 3rd Saturday 9.30am, 2nd & 4th Wednesday at 6.30pm.

First off, welcome back Kirsty, good to see your smiling face again. We are still getting a regular attendance but it is easing off a little now the colder weather is setting in. Now that leads me into the change in our groups meetings. The older members (sorry gents) of the toy group are now finding it harder to come out to our Tues. night meetings so that has now been changed to the second Sat morning of the month. Open workshops are now the third Sat. and second & fourth Wed evenings. This suits me better as well as I don't have two nights in a row as previously.

Our July meetings are: Toy group: Sat 9th at 9-30am

Open workshop: Wed 13th at 6-30pm

Sat 16th at 9-30 am

Wed 27th at 6-30pm

see you there

## EDITOR'S COMMENT

### Leadership and Getting Things Done

If we were to put Leadership styles on a scale, we would see at one end, words like *Dictator, Autocrat* and *One man Band*. At the other end would be *Laissez Faire, Who Cares* and *She'll be right*. Somewhere in the middle of the scale, we would find *Team Leader*.

Working as a team means that everyone is valued and everyone has a task to do. The leader's task is to be a delegator rather than a dictator, an enabler rather than a controller. Team members need to be encouraged, challenged and trusted to get their job done.

This is the style of leadership that your committee aspires to. In particular, this is the way we want to organize our annual Show and Exhibition. If the tasks are shared around and everyone does their bit conscientiously and well, then there is no need for any one or two members to be overworked or over-stressed. Everyone will feel a sense of achievement and satisfaction, and no-one should be left worn-out, nor dreading the thought of doing it again next year!

So let's each be willing to step up and do our bit for this year's Show. *Doug St.George*
